

## How to Donate your Textiles for Recycling

1. Gather all of your gently used or heavily worn textile items. (items shown below).
2. Fill those items into trash bags. (Please do not overfill bags as the stuffed trash bags may not fit into the recycle bins or depots. *Idea: bring extra bags in case of overfill*)
3. Find the nearest bright pink Clothing Textile Donation Bin in your neighborhood for your used clothes, toys, shoes, belts and see a list of other items. Locate your nearest donation recycling bin in your state:
